

# High-Impact SAS® Training By Kirk Paul Lafler

## Registration Information and Form

If you're looking for the most cost-effective and up-to-date training, Kirk Paul Lafler and Software Intelligence Corporation courses, seminars and hands-on workshops prepare you for tomorrow, today. As a world leader in the design and development of high-impact static and interactive dashboards and scorecards, Kirk possesses nearly 40 years' experience developing SAS programming techniques. These courses teach the latest SAS software features, cutting-edge techniques and know-how – information that will help you achieve greater success and put you ahead of the competition. Kirk invites all SAS users to attend these popular instructor-led courses, and expand your programming knowledge using the SAS software.
